

Dear all

The Finnish NCP apologises for the late coming of this confirmation.

The specific instance of CEDHA (dated 18.4.2006) has for certain been received and discussed generally in the NCP meeting on April 27 together with the representatives of the Finnish companies.

The initial assessment whether the issues raised merit further examination by the NCP is scheduled to be taken in the next meeting of the NCP on June 8.

Yours Sincerely,

Jorma Immonen
Chief Counsellor
Industries Department
Ministry of Trade and Industry
