

Letter sent to Minera Andes on April 29, 2011 to: [info@minandes.com](mailto:info@minandes.com)

MINERA ANDES CORP  
99 George St. 3rd Floor  
Toronto, Ontario  
Canada M5A 2N4

Dear Sirs,

We are interested in obtaining environmental impact information of the Los Azules project.

We made a request for the project's EIA to the Province of San Juan as there was no information about Los Azules on the website. After numerous unanswered requests, there appeared a link recently the following document, which was also mailed to us a few days ago.

**INFORME DE IMPACTO AMBIENTAL: ETAPA DE EXPLORACION PROYECTO LOS AZULES –  
San Juan Argentina  
Prepared for Andes Corporation Minera, by Vector, dated April 2010**

We would like to know if there are other documents related EIA documents for Los Azules, and particularly if you can send us:

- a map showing the geological survey of the project's area;
- if you have any reports, maps or other information mapping or analyzing glaciers, rock glaciers or permafrost areas of the project. And if any such studies are underway (when they will be ready).

Regards,

Jorge Daniel Taillant  
Fundador y Coordinador  
Programa Minería, Ambiente y Derechos Humanos  
Centro de Derechos Humanos y Ambiente (CEDHA)
